FAX (518) 286-2261

June 28, 2013

Dear Residents,

Enclosed please find the Town of North Greenbush's 2012 Annual Water Quality Report. The Town is required by drinking water regulations of the New York State Department of Health (NYS DOH) to make available to every resident a copy of this report. The Town of North Greenbush's internet web site at: <http://www.townofng.com> has this document on it for your review.

In 2012, the John P. Buckley Water Treatment Plant operated by the City of Troy has produced water, which is purchased by the Town of North Greenbush for its residents, that is of the highest quality that surpasses all stringent federal regulations.

This Annual Water Quality Report is designed to provide consumers with information on the quality of the water delivered by their public water system. The Annual Water Quality Report contains information about the water system; information on the source of the water; reporting levels of contaminants detected in the finished water; information on cryptosporidium, radon, and other unregulated contaminants; information on any violations of the national primary drinking water regulations; and information regarding any variances or exemptions the water system may be operating under.

Consumers have the right to know what is in their drinking water. The information contained in the Annual Water Quality Report can raise consumers' awareness regarding the source of their drinking water, help consumers to understand the process by which safe drinking water is delivered to their homes, and educate consumers about the importance of preventative measures, such as source protection, that ensure a safe drinking water supply. Consumers can use the information in this report, especially those with special health needs, to make informed decisions regarding their drinking water. Educated consumers are more likely to help protect their drinking water sources and to appreciate the true costs of safe drinking water.

We also invite you to visit the Town of North Greenbush's internet web site at: <http://www.townofng.com> for additional information about our Town along with information regarding meetings of the Town Board and other boards / committees.

Very truly yours,

Alson J. Spain, Jr., Supervisor
Louis J. Desso, Deputy Supervisor
Joseph Bott, Councilman
Kelly C. Hoffman, Councilwoman
Stephanie Piel, Councilwoman
