Area Variance Continued

1. Explain how no undesirable change will be produced in the character of the neighborhood; nor a detriment to nearby properties created by granting the area variance.

Pool in fenced backyard. Will not obstruct any neighboring properties.

2. Explain why the benefit sought by the applicant cannot be achieved by some method, feasible for the applicant to pursue, other than an Area Variance.

Not enough area with fence to have pool 20' from property line on left and right.

3. Describe whether the requested Area Variance is substantial.

Yes, greater than 50% being requested of 20' requirement

4. Explain how the proposed variance will not have an adverse effect on the physical or environmental conditions in the neighborhood or district.

Many others in the neighborhood have pools close to property line.

5. Explain whether difficulty is self-created. (Consideration is relevant, but should not necessarily preclude the granting of the Area Variance.)

YES, SELF CREATED

For Use Variance Applications, please complete the following:

Describe the request use:

1. Explain why the application cannot realize a reasonable return without the Use Variance, as demonstrated by the content financial evidence.

2. Explain how the alleged hardship relating to the property is unique, and does not apply to a substantial portion of the neighborhood.

3. Describe why granting the requested use variance will not alter the essential character of the neighborhood.

Explain whether the alleged hardships have been self- created.

Describe in Detail your request:

Explain why granting the request is consistent with the public health, safety, and general welfare of the community, including the public or commercial inconvenience of the applicant.

For **Home Occupation Request**, please see Town of North Greenbush Code Sections 197-3 and 197-24

**Part 3- Determination of significance. The Lead Agency is responsible for the completion of Part 3.** For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significance adverse environmental impact, please complete part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short- term, long-term and cumulative impacts.

<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.	
<input type="checkbox"/> Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
