distances, and location of proposed changes.

Area Variance Continued NA

1.	Explain how no undesirable change will be produces in the character of the neighborhood; nor a detriment to nearby properties created by granting the area variance.
2.	Explain why the benefit sought by the applicant cannot be achieved by some method, feasible for the applicant to pursue, other than an Area Variance.
3.	Describe whether the requested Area Variance is substantial.
4.	Explain how the proposed variance will not have an adverse effect on the physical or environmental conditions in the neighborhood or district.
5.	Explain whether difficulty is self- created. (Consideration is relevant, but should not necessarily preclude the granting of the Area Variance.

	Use Variance Applications, please complete the following: AA	
1.	Explain why the application cannot realize a reasonable return without the Use Variance, as demonstrated by the content financial evidence.	
2.	Explain how the alleged hardship relating to the property is unique, and does not apply to a substantial portion of the neighborhood.	
3.	Describe why granting the requested use variance will not alter the essential character of the neighborhood.	
	Explain whether the alleged hardships have been self- created.	
	Describe in Detail your request:	

	y granting the request is consistent with the public health, safety, and general welfare of the
community,	including the public or commercial inconvenience of the applicant.

Short Environmental Assessment Form

Instructions for Completing

Please refer to this link for step by step assistance: http://www.dec.ny.gov/permits/90156.html

Part 1- Project information. The applicant or project sponsor is reliable for the completion of part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attached additional pages as necessary to supplement any item.

Part 1- Project and Sponsor Information		
Name of Action or Project: Egg hen 5 (4)		
Project Location (Describe, and attach a location map): 35 Mountainview Terrail, Rensselger, N	Y 121	144
Brief Description of Proposed Action: I have 4 egg hens. I am looking for town approval.	1/570	द रे र
Name of Applicant or Sponsor: Daniel J. Seney Jr. Telephone: (518) 366-1167 E-Mail: daniel seney Jr. Address: 35 Mountainview Terrace City/PO: Rensedeed State: Zip Code:	•	
Address: 35 Mountainview Terrace My fignce is the property of	wner 221-5	, a 79
City/PO: Rensselaev State: Zip Code: NY 12144	enterioristica di manifesti di Spirita della con	The state of the s
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to part 2. If no, continue to question 2.	YES	NO
2. Does the proposed action require a permit, approval or funding from any other governmental Agency? If yes, list agency(s) name and permit or approval:	YES	NO X
3. a. Total acreage of the site of the proposed action? b. Total acreage to be physically disturbed? c. Total acreage (Project site and any contiguous properties) owned or controlled by the applicant or project sponsor? Acres Acres	155 tache	1 +6
4. Check all land uses that occur on, adjoining and near the proposed action.		
Urban Rural Industrial Commercial Residential (suburban)		
Forest Agriculture Aquatic Other (Specify):		
Parkland		
5. Is the proposed action,	YES	NO

a. A permitted use under the Zoning regulations?b. Consistent with the adopted comprehensive plan?	YES	NO
or condition, with the approximation plant.		
6. Is the proposed action consistent with the predominant character of the existing built or	YES	NO
natural landscape?	V	
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area? If yes, identify:	YES	NO
	_	
8. a. Will the proposed action result in a substantial increase in traffic above present levels?	YES	NO
b. Are public transportation service(s) available at or near the site of the proposed action?		
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?		
9. Does the proposed action meet or exceed the state energy code requirements?	YES	NO
If the proposed action will exceed requirements, describe design features and technologies:	/	
10. Will the proposed action connect to an existing public/private water supply?	YES	NO
If no, describe method for providing wastewater treatment:		/
I1. Will the proposed action connect to existing wastewater utilities? If no, describe method for providing wastewater treatment:	YES	NO
	-	V
 a. Does the site contain a structure that is listed on either the State or National Register of Historic places? 	YES	NO
b. Is the proposed action located in an archeological sensitive area?	And Market as a principly (Asset)	1/
3.	YES	NO
a. does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other water bodies regulated by a federal, state or local agency?		/
b. Would the proposed action physically alter, or encroach into, any existing wetland or water body? If yes, identify the wetland or water body and extent of altercations in square feet or acres:		1/
		V
4. Identify the typical habit types that occur on, or are likely to be found on the project site. Check all that apply:	YES	NONS
5. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?		NO/
	11770	V
6. Is this project site located in the 100 year flood plan?	YES	NO /
7. Will the proposed action create storm weather discharge, either from point or non- point sources?	YES	NO
If yes, a. Will storm water discharge flow to adjacent properties?		V

b. Will storm water discharges be directed to establish conveyance systems (runoff and storm drains)? If yes, briefly describe	?	No	
18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)? If yes, explain purpose and size:		YES	NO V
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility? If yes, describe:		YES	NO
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing completed) for hazardous waste? If yes, describe:	or	YES	NO V
Applicant/ Sponsor name: Deale T. Sency Jv. Date: 3/11/B Signature: Signature: The Leaf Agency is responsible for the completion of Part 2. Answer all of Part 2 using the information contained in part 1 and other materials submitted by the project sponsor or other eviewer. When answering the questions the reviewer should be guided by the concept "have my responses onsidering the scale and context of the proposed action?"	f the following	le to th	ions in
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations? 2. Will the proposed action result in a change in the use or intensity of use of land?	No, or small impact may occur		rate to impact occur
3. Will the proposed action impair the character or quality of the existing community? 4. Will the Proposed action have an impact on the environmental characteristics that caused the	/		

problems?

establishment of a Critical Environmental Area (CEA)?

b. public / private wastewater treatment utilities?

available energy conservation or renewable energy opportunities?

infrastructure for mass transit, biking or walkway?

7. Will the proposed action impact existing: a. public / private water supplies

architectural or aesthetic resources?

groundwater, air quality, flora and fauna)?

5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing

6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably

8. Will the proposed action impair the character or quality of important historic, archaeological,

10. Will the proposed action result in an increase in the potential for erosion, flooding, or drainage

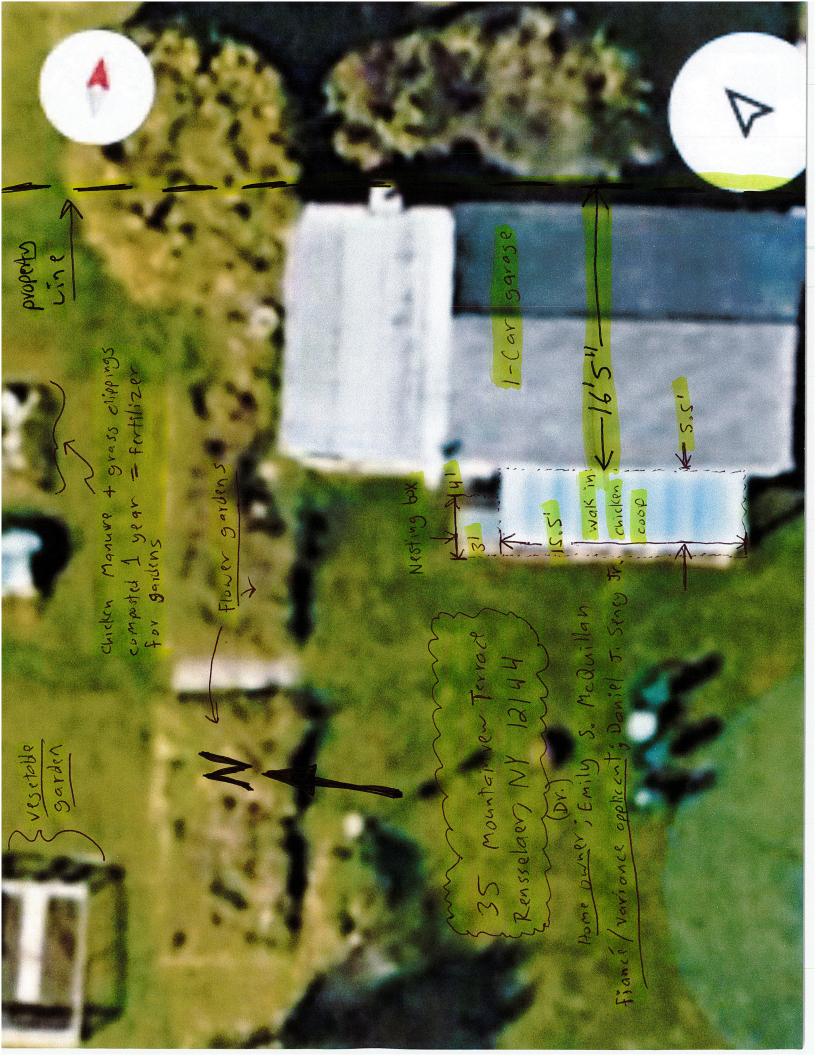

11. Will the proposed action create a hazard to environmental resources or human health?

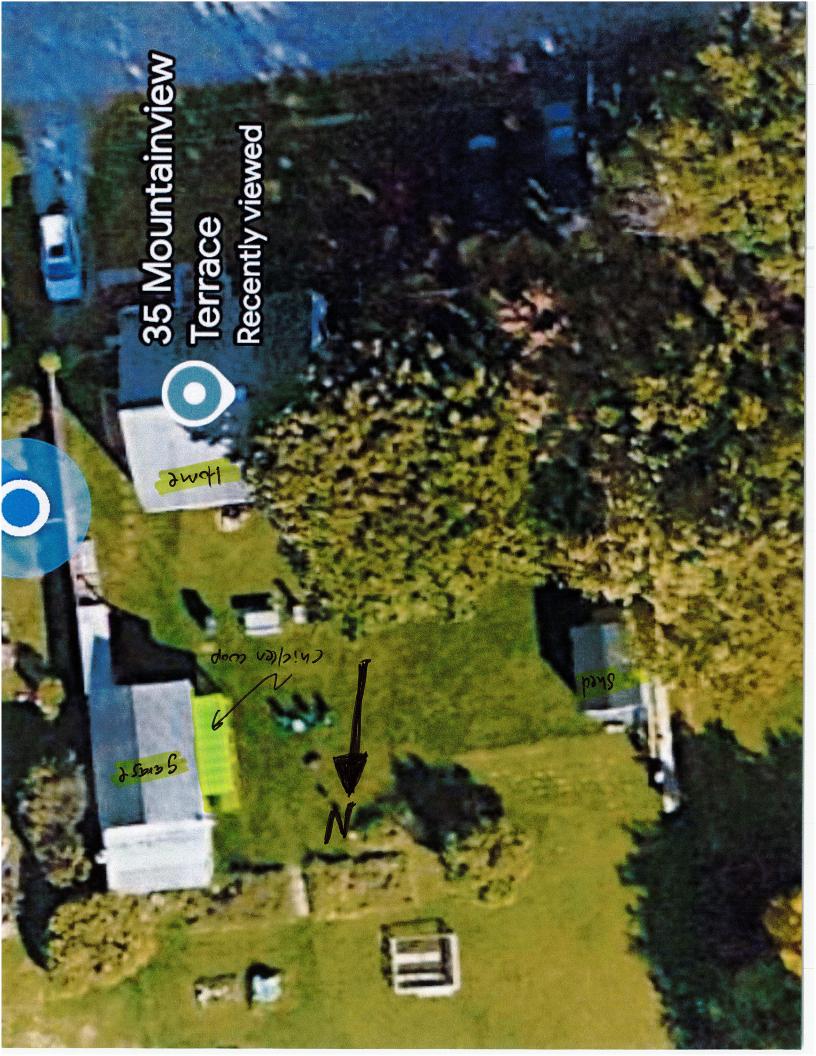

9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, water bodies,

mation and analysis above, and any supporting documentation, that r significant adverse impacts and an environmental impact statement
mation and analysis above, and any supporting documentation, that ronmental impacts.

Part 3- Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significance adverse environmental impact, please complete part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude.

Also consider the potential for short- term, long-term and cumulative impacts.

- 1) No rousters V
- a) 4 2 6 chickens
- 3) Feed is in metat sarbase can W/ 1:4 V
- Written plan; chicken menuve and wood chips are composted with lawn clippings for 1 year, then spread on flower bells and vesetable sarden, as indicated on included maps.
- S) Hens stay in a 85 Ft2 walle-in coop, attached to a 31 x 41 nesting box to collect esss.
- (Robbit fence on sround) And has a metal roof.
- Denicken pen and coop are >15' [16'4"] from property line, in rear yard behind house.
