

DOCUMENTING COVID-19 VIRUS

As North Greenbush Town Historian, I want to chronicle the experiences of people as they cope with the Covid-19virus in their daily lives. The information you provide will be anonymous and will be saved to give future generations a sense of what we are living through today. Here are some questions you may wish to consider:

How has your behavior changed as related to your everyday activities?

What are your children doing now that they are studying at home? How does this affect their playtime?

What is your new daily routine-for example shopping, reading, exercise, watching more TV?

If you are a laid off employee or are working at home, how have you adjusted your workday? If you are still going to work, how have you adjusted your workday?

If there is anything else you want to add, please feel free to do so.

respond to nghistory@aol.com or mail address 555 Bloomingrove Dr. Rensselaer 12144

Thanks
