

TOWN OF NORTH GREENBUSH
Geiser Road from the Snyder's Lake Town Beach to Route 43
Traffic Safety Advisory beginning September 22, 2021

The Town of North Greenbush is advising motorists that beginning Wednesday, September 22, 2021, construction will begin on the Municipal Water Transmission Line Project along Geiser Road from the Town Beach to Route 43. Work crews from Carver Construction will begin clearing along the road shoulder right of ways to prepare for water pipe installation. This work is expected to continue through the end of November 2021.

Traffic will be controlled by flaggers in the work site Monday thru Friday between the hours of 7:30 am to 5:00 pm. Motorists are urged to slow down and drive responsibly in the work zones and pay close attention to all traffic signage. Fines are doubled for speeding in a work zone and convictions of two or more speeding violations in a work zone could result in the suspension of an individual's driver license.

Motorists are reminded to obey the directions of flaggers and slow down significantly whenever encountering roadside vehicles displaying red, white, blue, amber or green lights, including maintenance and construction vehicles in work zones.

For Immediate Release: September 21, 2021
